LOCATION

Located in the city of Loma Grande, in the Cordillera department, 40 km from Asunción, on an 8-hectare property with lots of vegetation and a rural atmosphere where your dog will feel free to run and enjoy nature.

TRANSPORTATION

Your dog's stay begins with our transport service, a vehicle that can carry up to 20 dogs, specially prepared for this purpose, equipped with air conditioning to ensure a safe and comfortable trip. This service must be scheduled and reserved. If you prefer to bring your dog personally, you are welcome to do so. Our transport service is available Monday through Friday during the high season; outside of that, transports are scheduled on Mondays, Wednesdays, and Fridays. The cost for round trips in Asunción and nearby areas is Gs. 300,000.

ARRIVAL AT THE HOTEL

Upon arrival at our facilities, your dog will be checked by our veterinarian and then taken to the bathing area where a spray product against ectoparasites will be applied. This ensures that all dogs entering our facilities are in good condition.

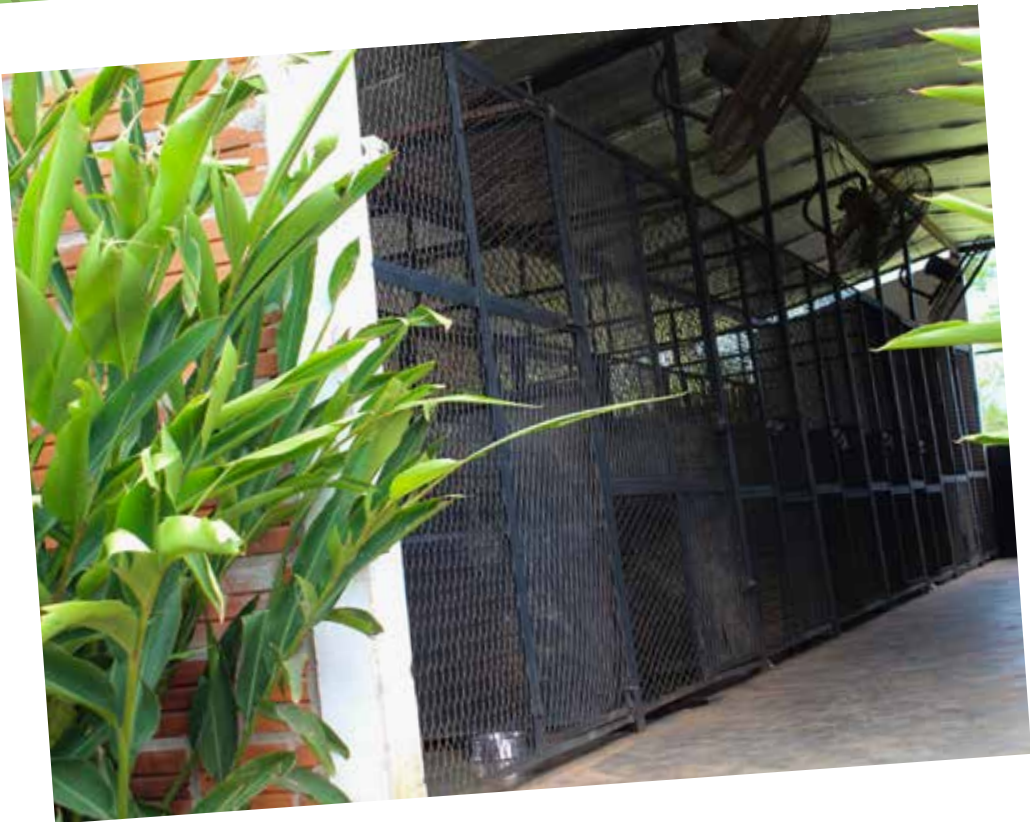

FACILITIES

Our facilities are suitable for all types of dogs, from small kennels with air conditioning to large kennels for your dog's rest. We have three large parks for running and shaded areas where your dog can enjoy and relax in nature.

FACILITIES

Our entire property is enclosed with wire mesh fences, equipped with closed-circuit cameras in various areas, potable water from our artesian well, and an electric generator to ensure 24-hour power.

TRAILS

For dogs that need more physical activity, our trail walks will be very beneficial. During these walks, your dog can sniff around to their heart's content.

MEALTIME

We include natural foods from the LICK brand because we believe that a natural diet is the best we can provide for our pets, promoting the consumption of fresh foods and avoiding highly processed ones. This will make your dog eagerly anticipate mealtime.

DAY-TO-DAY AT THE HOTEL

Our day starts at 7:30 a.m. when we take the guests out of their kennels to an area called the sandboxes. These sandboxes serve as a bathroom area where your dog can relieve itself in an enclosed space, monitored by our staff, making it easy to see and clean up feces.

DAY-TO-DAY AT THE HOTEL

After spending some time in the sandboxes, your dog can run in our spacious yards as long as they want. Some dogs stay for a long time, while others only for a few minutes before returning to the kennels for their first meal of the day. They will remain in the kennels until after noon, and the process repeats until we finish our work around 5:00 p.m.

ADMISSION REQUIREMENTS

- Complete the electronic form
- Sign the service provision contract
(done only once)
- Complete and up-to-date vaccination plan
- Internal deworming
- Deworming against fleas and ticks

Monday to
Saturday from
7:30 a.m. to
5:00 p.m.
If you would like to
visit our facilities,
you must arrange
it in advance.

FREQUENTLY ASKED QUESTIONS

Will my dog be alone or accompanied by other guests?

If your dog is sociable, they can share play and even rest time with others, which helps them feel more comfortable and makes their stay more enjoyable.

What happens if my dog gets hurt or sick while I'm away?

In an emergency, we will try to contact you and your veterinarian. In urgent situations, we will not delay treatment to save your dog's life, as we have a veterinarian available 24/7. If necessary, we will transfer your dog to a more suitable veterinary hospital.

FREQUENTLY ASKED QUESTIONS

My dog hasn't socialized with others; will they enjoy being in a group?

Not all dogs can be in contact with others. If we see that your dog will not adapt to the group, they will stay alone. Some dogs that have never socialized may show aggression.

Our staff is trained to minimize any unwanted aggression. Dogs are classified according to their behavior, size, and temperament.

Your dog will never be placed in a group where others would overwhelm them.

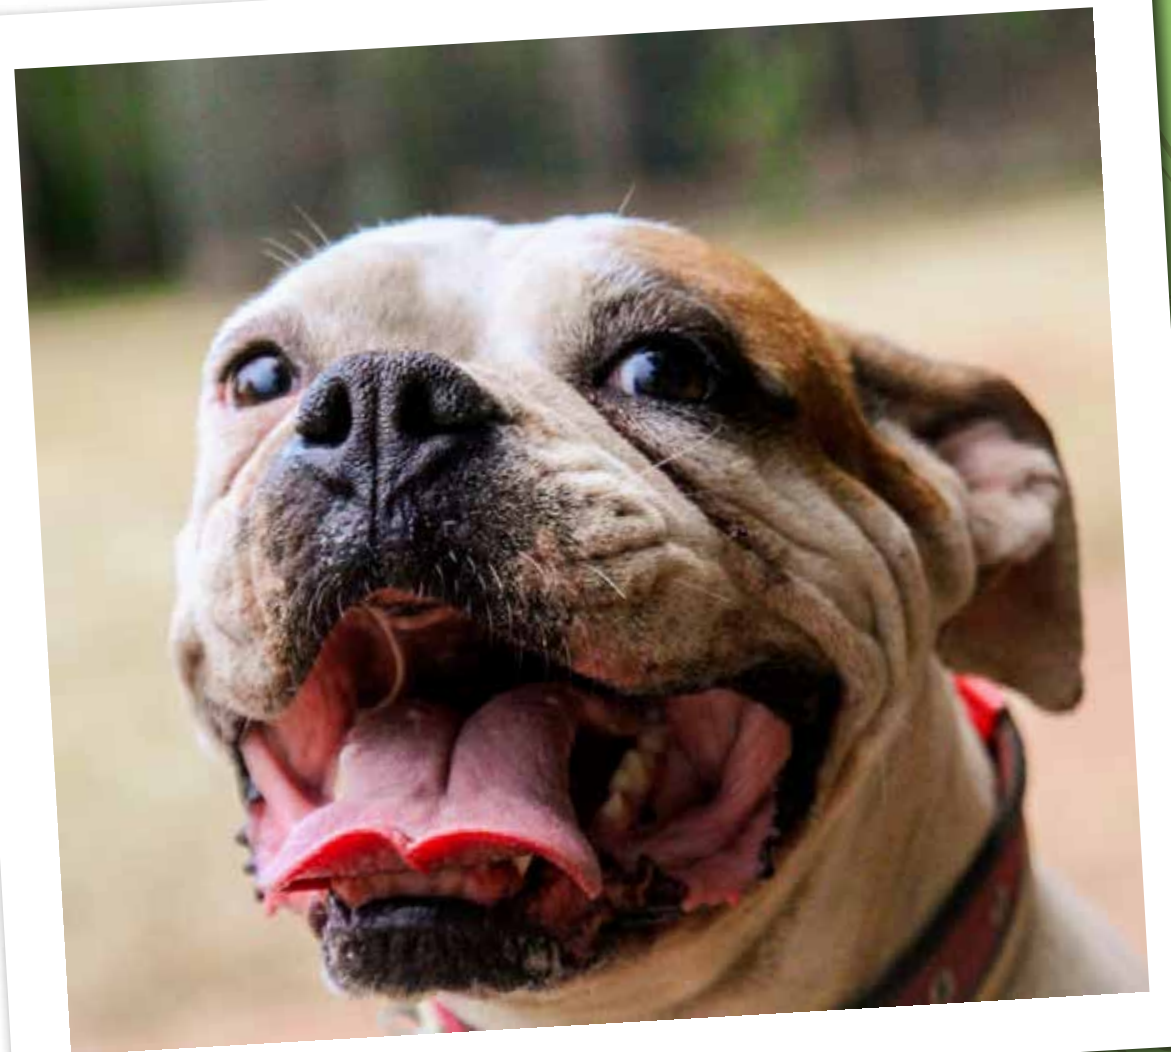

FREQUENTLY ASKED QUESTIONS

Will medications be administered during my pet's stay?

Yes. Many of our guests take medications daily. Additional charges may apply depending on each case.

Can you send me photos or videos of my dog during their stay?

We have social media accounts where we upload photos and videos of our guests, allowing you to follow your dog's stay at our hotel.

FREQUENTLY ASKED QUESTIONS

Can my pet contract any diseases or parasites during their stay?

We take flea and tick prevention very seriously. All animals entering our hotel are checked and sprayed with an ectoparasite product. We require that all guests be routinely protected against fleas and ticks to prevent infestations in our facilities.

We conduct regular disinfections and cleanings to prevent infectious agents and avoid any illnesses.

If an animal shows any ailments, it will be treated immediately, considering an additional cost during its stay.
